Please note that all journalists (regardless of nationality) working for Chinese domestic media must request their accreditation via the Chinese Olympic Committee (COC) at the following address:

If you have already registered in the IOC media database for previous events, please ensure your profile is up-to-date. You will need to complete your personal information and ensure you have a recent photo with the correct passport details. Please note that passports must be valid until at least 31 December 2014.

For media representatives who have successfully applied for accreditation online before 30 April 2014, the Youth Olympic Accreditation Card (YOAC) together with a passport or other official travel document will serve as an Entry Visa into China. These will be sent to you directly in June 2014 by the Nanjing Organising Committee. The pre-valid YOAC will act as a valid visa for China for a period of one month prior to and one month following Nanjing 2014.
